PRICE LIST INFORMATION

This price list became effective August 1, 1967 and replaces all previous price lists. Any supplement to this price list will be printed on paper of the same color.

Courses of study for cooperative training programs are listed on page one and each of them is repeated with the required references in each occupation, pages 4-18. Pages 4-18 are for the convenience of teachers in ordering a "package deal", consisting of the course of study and the required references for each occupation. It will be noted that state adopted texts are not in stock at the Center.

The supply of bulletins for which there is no charge is limited. We will be unable to supply these bulletins in greater quantity than the number of other references that are ordered for each occupation. Please limit your requests for the free materials to the same number as the number of other references ordered for the occupation.

A sales tax exemption certificate is attached. It is important that each order be accompanied by the sales tax exemption certificate.

*Please Note! Further Instructions:

1. On page 12 of this form, you will notice five courses of study listed. If you have only one student, you do not need all five of the courses of study. Items 1 through 5 are esentially the same book.
   Example: You have one student enrolled as a Garden Center Employee and you want one complete set of references. You would order Course of Study No. 3 plus items 646 through 660. (In addition to the item explained below.)

2. One of the required references has been left off the list for Horticultural Occupations. When you order a complete list of references for this occupation, you will also need to order item 419 on page 3 of the order form. (Electrical Applications in the Greenhouse)
